

On the New IEC Pamphlet

The 36-page pamphlet is finished and being laid out right now. We are fairly certain it will be ready for shipping in time for the 12-24 activities, if we get sufficient funds to print it. We will be printing and distributing it from London. (It will not be in the same form as the Speeches pamphlet which was sent to areas to copy on their own.)

The price of the pamphlet in £pounds sterling will be: £1.50 (£2.00 total, including postage for single copies).

We are confident this pamphlet will be very helpful in doing IEC work, and that many people will want to buy it. It is being printed professionally, with a slick 2-color cover. It is 7-1/2 by 10-3/4 inches big, and there are about 40 pictures.

Please order the copies you need now, so we know how many to print.

In order to print the pamphlet, we will need a good portion of the money for the pamphlets in advance. If you cannot pay now for all the pamphlets you think you will need later, pay for as many as you can now, and let us know how many you will need in total.

The topics which the pamphlet covers:

- * Why is AG the most important political prisoner in the world? This question is gone into from several angles and deeply, especially focusing on the US role in this matter and in Peru.
