Our proud Children's Union members,

This is June 6, your holiday.

On this occasion, the 80th founding anniversary of your organization, the whole country extends congratulatory greetings to all the Children's Union members, the precious sons and daughters of our people and the future masters of this Korea.

Seeing you looking so well-turned-out and full of life, I really feel reassured.

Children's Union members,

Since it wishes that the rising generation will lead a happy life with nothing to envy, our country recognizes that the course of, and secret to, it achieving prosperity is to overcome the harsh trials with you in mind and make even greater exertions to create more.

Beloved Children's Union members,

You should not forget that the richer the knowledge you acquire, the more healthily and stoutly you grow and the greater the sense of helping and leading one another forward you cherish in your mind, the stronger your country will become and the happier the laughter will be in streets, villages, workplaces and homes across the country.

You should steadily shoulder the future of this country.

My wish is that you will all be filial to your parents, study hard and be exemplary in your organizational life, enjoying good health.

Today, I am feeling happier than ever.

It is because I am sure that, as it has you, our country will become more youthful and more beautiful.

Children's Union members,

Let us all march forward courageously towards the future as befitting sons and daughters of Korea.
