The year 2025 was a historic year, when a heyday of great events and transformations was ushered in on the road of steady development of the Democratic People's Republic of Korea and all its people, single-mindedly supporting the leadership of Kim Jong Un, president of the State Affairs of the DPRK, devoted their patriotic enthusiasm and wisdom to bringing earlier a brighter future of their country.

A phase was opened, in which the civilization of the capital city transforms the regions and the transformation of the regions promotes the development of the capital city, and all the regions, sectors and units of the country make progress in a competitive, balanced and simultaneous way; it was a year of victory and glory to be added to the historic cause of the state aspiring after the comprehensive development of socialist construction.

Through energetic guidance over the whole year, the respected Comrade Kim Jong Un indicated clear-cut ways for the people to follow and led them to display loyalty and patriotism in the struggle to achieve the country's prosperity, thus turning the year into a pivotal year, when they crossed the finish line of their efforts for carrying out the five-year plan and provided a springboard for confidently switching over to a new stage.

All the successes the Korean people achieved with a strong wish and strenuous efforts are the fruition of their unshakable faith, ideals and fortitude, heralding greater victories and happier future for them.

On the strength of the will to live and achieve prosperity on their own terms and the struggle mettle and creative abilities they have cultivated while overcoming trials and difficulties, the Korean people are now advancing forward more vigorously and courageously towards the new goals set forth at the Ninth Congress of the Workers' Party of Korea.
